

PARKING AT BARLEY MOW VILLAGE HALL

The Barley Mow Village hall car park is a Private Car Park for users and staff of the Hall. We endeavour to provide parking for our users however, at peak times the car park is full and users may have to use local on street parking. If this is the case please ensure that you park with care and do not inconvenience residents by parking across driveways, near road junctions or parking accesses of residents. On Saturday afternoons and Sundays (also later evening parking after 7pm weekdays), additional parking is available in the North East Cab & Chassis works car park opposite to the Appletree Care Home on Durham Road. This is strictly for out of business hours parking and NOT weekday or Saturday morning parking.
